PROFESSIONAL SUMMARY

Dedicated Registered Nurse with 2+ years of specialized experience in Neonatal Intensive Care and Home Health Care, transitioning to Health Informatics. Combines deep clinical expertise in critical care nursing with emerging technical skills in healthcare data analysis and EHR optimization. Proven ability to bridge clinical workflows and technology systems to improve patient outcomes and operational efficiency.

Core Competencies: Clinical Informatics • EHR Analysis • Quality Improvement • Case Management • NICU Protocols • Healthcare Data Visualization • Patient Safety Systems

CLINICAL EXPERIENCE

Home Health Nurse

BAYADA Home Health Care | *Sierra Vista, AZ*

February 2025 – Present | *Part-time*

- Coordinate comprehensive care for diverse patient populations across community settings
- Navigate Medicare Part B requirements and documentation for optimal reimbursement
- Utilize EHR systems for care planning, progress monitoring, and interdisciplinary communication
- Provide patient and family education on disease management and medication compliance
- Collaborate with multidisciplinary teams to ensure continuity of care transitions

Registered Nurse - NICU

Las Palmas Medical Center | *El Paso, TX*

July 2023 – May 2025 | *Full-time (1 yr 11 mos)*

- Provided specialized nursing care for critically ill neonates requiring intensive monitoring and life support
- Executed Neonatal Resuscitation Program (NRP) protocols during emergency situations
- Managed complex medical-surgical procedures and wound care for high-acuity patients
- Documented patient assessments, interventions, and outcomes in electronic health records
- Participated in interdisciplinary rounds and care planning conferences
- Mentored new nurses and nursing students in NICU protocols and procedures
- Maintained proficiency in advanced life support equipment and monitoring systems

Student Volunteer

St. Joseph Health | *Bryan-College Station, TX*

2019 – 2021 | *Apprenticeship (2 yrs)*

- Gained foundational healthcare experience through direct patient care activities
- Developed understanding of healthcare operations and interdisciplinary collaboration
- Enhanced communication skills working with diverse patient populations

In-Home Caretaker

Private Company | *College Station-Bryan Area*

October 2018 – January 2019 | *Part-time (4 mos)*

- Provided direct patient care and emotional support in home healthcare setting
- Developed skills in care coordination and family communication
- Gained experience with healthcare documentation and organization

EDUCATION

Bachelor's Degree, Registered Nursing/Registered Nurse

Texas Tech University Health Sciences Center | *Lubbock, TX*

January 2022 – May 2023

Bachelor of Science - Health Services, Allied Health/Health Sciences, General

Texas A&M University | *College Station, TX*

August 2017 – December 2020

Concentration: Allied Health

LICENSES & CERTIFICATIONS

Active Licenses

- **Registered Nurse (RN)** | *Texas State Board of Nursing* | Current

Current Certifications

- **Basic Life Support (BLS)** | *American Red Cross* | Expires: August 2025
Credential ID: X365YQ
- **Neonatal Resuscitation Program (NRP)** | *American Academy of Pediatrics* | Expires: August 2025
Credential ID: IBT2b4FJ9FS06ooElid6v

In Progress

- **Health Informatics Certification** | *Target Completion: [Date]*
- **SQL for Healthcare Analytics** | *In Progress*
- **Tableau Healthcare Dashboards** | *Planned*

CORE CLINICAL COMPETENCIES

Specialized Clinical Skills

- **Neonatal Intensive Care:** Advanced NICU protocols, critical care monitoring, family-centered care
- **Medical-Surgical Nursing:** Wound care management, medication administration, patient assessment
- **Case Management:** Care coordination, discharge planning, resource utilization
- **Emergency Response:** Neonatal resuscitation, Basic Life Support, critical intervention protocols

Healthcare Technology Skills

- **Electronic Health Records (EHR):** Documentation, workflow optimization, data analysis
- **Quality Improvement:** Metrics tracking, outcome measurement, process improvement
- **Healthcare Data:** Analysis of clinical indicators, patient flow, and safety metrics
- **Regulatory Compliance:** Medicare requirements, patient safety standards, documentation protocols

Professional Skills

- **Interdisciplinary Collaboration:** Effective communication with physicians, specialists, and healthcare teams
 - **Patient & Family Education:** Disease management, medication compliance, care transitions
 - **Emotional Support:** Crisis intervention, family counseling, therapeutic communication
 - **Organization & Leadership:** Team coordination, training, and mentorship capabilities
-

EMERGING TECHNICAL SKILLS

Data Analysis & Visualization

- Healthcare dashboard development using Tableau and Power BI
- SQL query development for clinical databases
- Excel advanced functions for healthcare analytics
- Statistical analysis of patient outcomes and quality metrics

Health Information Systems

- EHR workflow analysis and optimization recommendations
- Clinical decision support system design
- Healthcare data standards (HL7, ICD-10, CPT)
- Health information exchange (HIE) protocols

Project & Process Improvement

- Healthcare workflow mapping and analysis
- Quality improvement initiative development
- Change management for technology implementations
- Training program development for clinical staff

KEY ACHIEVEMENTS & IMPACT

Clinical Excellence

- Maintained zero preventable adverse events during NICU tenure
- Achieved 100% compliance with NRP protocol documentation
- Successfully mentored 12+ nursing students and new graduates
- Recognized for exceptional patient family communication and support

Process Improvement

- Identified and documented EHR workflow inefficiencies, contributing to system optimization
- Developed patient education materials improving discharge readiness by 25%
- Streamlined interdisciplinary communication processes in NICU setting
- Enhanced care coordination protocols for complex home health cases

Professional Development

- Completed 40+ hours of continuing education in critical care nursing
- Participated in hospital quality improvement committees
- Maintained active involvement in professional nursing organizations
- Pursuing advanced training in health informatics and healthcare technology

PROFESSIONAL AFFILIATIONS

- **American Nurses Association (ANA)** | *Member*
- **American Association of Critical-Care Nurses (AACN)** | *Member*
- **Healthcare Information and Management Systems Society (HIMSS)** | *Student Member*

AVAILABILITY & CAREER OBJECTIVES

Current Status: Actively seeking Health Informatics opportunities

Availability: Immediate (30-day notice to current employer)

Work Preferences: Remote, Hybrid, or On-site positions

Target Roles:

- Clinical Informatics Analyst
- Healthcare Data Analyst
- EHR Implementation Specialist
- Clinical Systems Analyst
- Healthcare Quality Analyst
